

Hi Elena,

Thanks for your last email. It was great to hear from you!

You asked me to tell you something about my home town. You've already known Prešov is the third biggest city in Slovakia. It has about 90 000 inhabitants. Compared to megacities Prešov is very small city but it has many advantages. For example the town isn't packed and dirty.

In the city centre there is a square where you can find historic Church of St. Nicholas and city park. Everybody likes this place because it is quiet and you can just sit there and relax.

If you like lively life you should visit shopping centre Max. You can buy there everything you need and if the shopping does you in you can go for a coffee. There is a cinema too where you could watch your favourite films.

Every summer there is a concert called Dobrý festival where everybody have fun.

Anyway, write back soon. Don't forget to tell me about your home town.

All the best,

Martin
