

Hi Mrs teacher,

I am sending you a photo of me and my best friends. This photo was taken two years ago. We were on the trip in Trnkov with my previous class.

The girl in the left is my good friend Stela. She study on our school. She is in 2.A class. She is very reliable and helpful person. She has long brown hair and she is medium height. She loves kickbox.

Person next to her is my classmate and best friend Natália. She is very funny and reliable. Natália is tall and thin. We are friends more than twelve years. I spend almost every day with her. She likes sleeping in the afternoon :D.

Of course, I am next to her ,u know.

The boy is Dávid. He is very funny and cheerfull. His hair are short and fair. He is strong build. He always makes me laugh.In this time we do not meet very often, it is a pity.

I like this photo, because my best friends are on it and we look happy there. I miss every single moment with them together.

All the best,

Soňa
